4-5p.m.	All	Supper & Social Hour				
5-6p.m.	All	Competitive Games / Dismissal				

Program Overview

Get in tune with nature and enjoy hikes, canoeing and recycling while gaining an appreciation for the environment. Campers will learn about the effect air quality has on the planet as well as their overall health through The Clean Air Project. Form lasting friendships while you swim, explore parks and enjoy field trips. In addition to our environmental program, we've implemented D.E.A.R. (Drop Everything and Read) to promote summer reading. All children will be engaged in reading, story-time, focus groups and activities to keep kids reading all summer. NASA's Summer of Innovation Project has also been implemented to provide hands-on learning opportunities for youth through NASA-unique science, technology, engineering and mathematics educational activities.

Environmental Activity Days

July 5 Hiking @ Leakin Park
 July 19 Canoeing
 July 22 Chesapeake Bay Program (9-12)
 July 26 Biking @ Druid Hill Reservoir
